Fire Protection Unit Organized

The decision to form the Vulcan Rural Fire Protection Co-operative Association, and set up a slate of officers to supervise the purchase and administration of a pumper truck, was reached at a formative meeting held Thursday, Dec. 15.

The meeting, attended by about 40 farmers and Vulcan residents and with Board of Trade president Doug Galbraith as chairman, was highlighted by the descriptive color film of other similar associations shown jointly by two guests, Deputy Fire Commissioner of the Province, J. H. McKay, and Inspector Archie Kennedy, both of Edmonton.

Over 160 questionnaires favoring such an association have been turned in so far and with the drive not yet completed, more questionnaire forms have been left at the office of Mayor Lundy Findlay, available to anyone who has not yet filled one out.

As a temporary source of relief of country folk, a Civil Defence pumper unit has recently been posted to Vulcan. The presence of this truck will enable the Vulcan Fire Brigade to leave town in the event of a country call.

It was emphasized by officials that the truck is not a permanent fixture. It may be recalled at any time so the urgency of the proposed fire truck purchase is as great as ever.

Nurses Plan Yuletide Ball

The second annual Yuletide Ball sponsored by the Vulcan Chapter of the Alberta Association of Registered Nurses will be held at the Armouries Wednesday evening, Dec. 28.

Highlanders' Dance and Children's Party

The annual Christmas dance of "A" Company, Calgary Highlanders (M), was held in the Armouries Friday, Dec. 16, with 160 members, wives and guests present. Guests from out of town included the Commanding Officer, Lt.-Col. F. H. Clarke of Calgary and Mrs. Clarke, and Maj. Scott Ellis, Officer Commanding 153 CwRCASC, High River, and Mrs. Ellis.

Jack Pickersgill's High River orchestra supplied the music for dancing and a buffet style turkey supper was enjoyed at 1:00 a.m. The hall was beautifully decorated

for the occasion in Christmas and unit colors. The annual pre-Christmas pay parade for members of the unit was held prior to the dance.

On Sunday, Dec. 18, the annual Christmas party for children of members of "A" Coy. of the Highlanders was held in the Armouries, with over 75 children present plus their parents.

Entertainment consisted of carol singing led by Mrs. Rita Scott at the piano and a half-hour of magic by Dr. A. D. Tompkins.

Bingo was played by the older children while, in the main hall, Santa Claus was piped in by "Scotty" Sutherland and distributed the individually selected gifts for the children 10 years of age and younger. Oranges, candy and pop were in unlimited supply and a crisp, new one-dollar bill was also presented to each youngster as a present from the honorary colonel of the regiment.

After the presents were distributed, the fathers acted as babysitters while the mothers enjoyed tea served in the sergeants mess.

Town Council Meeting

Land Reserved For New Auxiliary Hospital

Assurance that Block 8, Plan 5677GQ, near the present hospital, had been set aside for hospital purposes and would be available as a site for the proposed new 50-bed auxiliary hospital to be constructed in Vulcan, was given to County of Vulcan representatives at the regular meeting of the Town of Vulcan council held Dec. 12. Meeting with the town council were J. E. Carlson, chairman, and D. D. McQueen, secretary-treasurer of the County of Vulcan. They were assured that title to this block of land would be transferred to the hospital district when plans for the new auxiliary hospital are complete.

Other business discussed with the County officials was the surveying of Block 20, of which certain portions had been purchased by the County last year as additions to the public school grounds. Arrangements were made to have the county surveyor place stakes indicating a 20-foot lane through the block so that residents could see how their properties would be affected. A re-survey of the block would depend on a petition being received from a majority of the residents of the block.

The following building permits

Representatives of the Amco Equipment Co., and Massey-Ferguson interviewed council and presented specification and data concerning street sweeping machines. They were asked to supply complete data and prices.

A committee was appointed to meet with the County council to discuss the installation of street lights at the intersection of the highway and the access road to Vulcan and the installation of a blinker light at the railway crossing on the access road.

The fire committee was empowered to act for the Town in matters concerning the newly organized Rural Fire Protection Association.

Will Share Costs

County and Town Agree On Ambulance Service

Committees representing the Town of Vulcan and the County of Vulcan met Monday evening of this week to discuss the provision of ambulance service.

It was decided that the Town

and the County would equally share the cost of purchasing the ambulance and the cost of operation. Arrangements are now being made for 24-hour ambulance call service and a "pool" of drivers and attendants, all of whom will be trained first aid people.

Meanwhile, the ambulance is being kept at Scales Motors and a driver is on call.

A committee representing the Town of Vulcan recently conferred with the County Council on the matter of better lighting at the intersection where the access road to Vulcan joins Highway 23. It was decided to have two street lights erected, one in each corner of the intersection on the west side of the highway. The Town and the County will share the cost of electricity for operation.

Christmas 1960

A Guest Editorial by the late Ken Mayhew,
Editor Yorkton Enterprise

Christmas Eve approaches. Bells throughout all Christendom are ringing out the most joyous proclamation of the gospel message:

"Fear not for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day, in the city of David, a Saviour, which is Christ the Lord." (St. Luke 2:10-11).

Yes, 1960 years ago, the angels sang, "Glory to God in the highest, and on earth peace, good will toward men," and those that followed the star in the east found the Saviour, Christ the Lord, lying in a manger, in the city of David.

But the first Christmas was a trying, painful time, despite all the manifestations of glory. Was not Joseph summoned from sleep to take unto himself Mary, who gave virgin birth to Christ Jesus? And were not Mary and Joseph summoned by decree from Caesar Augustus to go from Galilee to Bethlehem to be taxed? And were not all men of good will summoned by the angels to go to the manger in Bethlehem to find their king?

Mary and Joseph lived under a dictatorship in which life was cheap. Their income was more than likely in the lower third of the nation. When it came time for the Baby, they were summoned to make a trip to meet the demands of their government. Whether the Baby lived or died was of no concern to the society in which they existed. As far as their own people were concerned, Mary and Joseph could make out for themselves.

But because God reigned, they were not alone. The Wise Men brought gifts of great treasure. There was great rejoicing.

And so tonight there is rejoicing and there are visible tokens of Christmas. Most business sections have been bright with Christmas decorations for days past. Holly wreaths are found in many home windows, bells on doors and gaily lit Christmas trees, if not on the front lawn, visible in the living rooms, from the street. Stores, in most centres, will have closed for a three-day holiday. Everywhere about us, there seems to be a new spirit, a new life, a new hope, a new joy! Tomorrow children will go to bed assured that Santa Claus is on his way and will come down the chimney, in our respective homes, to deliver a portion of his heavy load. Most of us will banish all thoughts of external troubles and for the next few days concentrate on internal joys.

It is, indeed, a time of Merry Christmas.

A unique and informative safety display has been put into circulation by Calgary Power Ltd., and made available in cities, towns and rural communities in the company's service area.

The "Hi-Line Hazard Display" is a high voltage working model which depicts twelve conditions under which Albertans have exposed themselves to the hazards of electric shock.

Along with demonstration of the model, a lecture presents factual information covering case histories over recent years which have been recorded by the Electrical Inspection Branch of the Province. Up-to-date rescue procedure is explained through the medium of color film.

In 1959, eighteen separate occupations experienced injury or fatality through adverse exposure

to electrical equipment. Most, if not all such accidents are the result of incomplete education on the subject. It is in an effort to help broaden public knowledge that this program has been made available. PICTURE—At the substation section of the Electric Safety Display, Calgary Power safety representatives, H. Bradley and H. Cameron complete a lethal circuit to ground through models of the victims.

BLACKIE

Mrs. Margaret Briggs spent the past week in Calgary visiting with her son-in-law and daughter, Mr. and Mrs. Pete Dimmer. She will be leaving this weekend for Medicine Hat where she plans to spend the winter months with her daughter, Mrs. Tommy Watson and Mr. Watson.

Mrs. Violet Knight spent a few days in Calgary at the home of her daughter, Mrs. Don Weatherhead.

Congratulations go to Ted Percival, Ted Seney, Jim Rockafellow and George Bayford who won the Jack-pot bonspiel in Vulcan last Sunday.

Friends of George Hall who is a patient in the High River Hospital, wish him a speedy recovery.

Members of Fairview Rebekah Lodge enjoyed a Christmas and

birthday party following their regular meeting on Monday evening. Mrs. Gordon Seney was the winner of a lovely corsage. Carols were sung and enjoyed as were a number of games. Mrs. Dave Irving won the birthday prize. Lunch served included a birthday cake complete with candles.

Christmas Program

The Christmas program held in the school auditorium on Friday evening drew a capacity crowd of parents and friends, pre-schoolers and students. Michael Podmoroff, principal, was master of ceremonies and welcomed everyone.

After the singing of "O Canada" the Grades two and three students presented a play "Little Black Lamb" with reading from the Bible and carols. The setting and the costumes were very good. Kelly Jean, accompanied by her father at the piano, sang a beautiful solo, "What Child Is This."

Anita Percifield was announcer for Grades one and two who presented "Little Black Sambo" and Chorus. Anita recited the poem and her school mates acted out the parts. Again the costumes were good.

Danny Ellic announced his class mates of Grades five and six, singing "Old Faithful" while three "faithful but pretty old horses" proceeded to amuse all present with their wily ways. The chorus was very nearly drowned out with the applauding and laughter of the audience.

Twelve girls of Grades four and five, prettily presented the Poinsetta Drill with song. The boys of these grades then presented their version of the same drill, which proved very amusing. During intermission a silver collection was taken to defray expenses of treats which were presented to all the children present. Grades five and six presented a pantomime of home life with the trials of Pa getting the tree decorated with the unwilling assistance of Ma and the rest of the family. All ended well with the evening turning into a party with all the neighbors.

The pupils of Grades seven and eight were very good with their presentation of Holidayrama, a musical program of all the holidays of the year. The High School choir under the direction of Mrs. Jim Kirie, presented four songs before the arrival of Santa Claus which closed the program.

Home and School Association
The December meeting of the Blackie Home and School Association

tion was held on Tuesday evening in the school auditorium.

Members voted to send \$10 to the Lamont Fund to help injured children. Three ladies volunteered to fill the candy bags for the Christmas concert. Mrs. A. Paul suggested a letter be sent to the Minister of Transport, Mr. Balar, regarding the possibility of lights at the railway crossings east and west of town. It was decided to spend \$20.00 toward decorations for the school Christmas tree. The president, John Gillanders presented Miss Kay Feddersen with the Home and School Trophy for the highest standing in Grade IX in 1960.

A musical program followed with Varno Westersund playing some records and interpreting them. This was greatly enjoyed by everyone. Lunch was served by Mrs. H. McLean, Mrs. P. Wollershiem and Mrs. C. Manville.

Chamber of Commerce

The Blackie Chamber of Commerce and Agriculture held their meeting on Wednesday night.

It was decided that a caretaker would be secured for the skating rink which is now ready for use. Regarding the Home Lighting Contest, there will again be two prizes awarded for the village and two for country homes. Those wishing to compete who live in the country are to leave their name with Les Sultor at the Blackie Co-op Store.

They will have bags of candy treats ready for the children who come to see Santa on Saturday, Dec. 24.

George Shultz has been hired as caretaker of the skating rink.

Only one-third of Canada's total area has been brought under development to date. Less than eight per cent of the country is classed as occupied farmland; and equal area, at present unoccupied, is considered suitable for agriculture.

Please Note

Monday, Dec. 26, and Monday, Jan. 2, being holidays, I shall be in Vulcan WEDNESDAY, DEC. 28 and WEDNESDAY, JAN. 4, and EACH MONDAY thereafter as usual.

Recent Taber Wedding Of Interest To Lomond

A wedding of local interest to Armada, Lomond, Taber and Buffalo, took place Oct. 29, in the Taber Evangelical Free Church, when Ruth Irene, daughter of Mr. and Mrs. M. E. Andrus of Taber, became the bride of Henry Domojewski, son of Mrs. Stanley Tarabula and the late Walter Domojewski, Sr.

Given in marriage by her father, the bride wore a full-length gown of nylon net over satin and a lace swallow-tail jacket styled with lily-point sleeves and pointed collar. Her chapel length veil misted from a tiara of pearls. She carried a bouquet of red roses with pearl hearts throughout the bouquet.

Miss Hazel Andrus of Taber, maid of honor, wore a blue cocktail gown and carried pink carnation. Junior bridesmaid, Miss Carleen Tkachek, niece of the groom and Miss Lucille Andrus, niece of the bride, wore pink and yellow respectively. Each carried a bouquet of blue and yellow carnations.

Flower girls Gloria Luehr and Norma Williamson, nieces of the bride, wore pink and navy taffeta dresses and carried baskets of sweet peas.

The groom's attendants were Herbert Miller, Leslie Andrus, brother of the bride, and Mike Tkachek, nephew of the groom, and ushering the guests were Mar-

van Gunter and Harold Andrus. Rev. B. Steen officiated and Mrs. H. Reid presided at the piano.

For her daughter's wedding, Mrs. Andrus wore a navy blue dress with pink accessories. Mrs. Tarabula, the groom's mother, wore a beige dress with sand accessories. Both mothers wore white carnation corsages.

The reception for 90 guests was held in the banquet room of Petrie's Pantry. A three-tiered wedding cake centered the bride's table.

Mrs. Luehr was in charge of the guest book. Mr. Luehr proposed a toast to the bride to which the groom responded.

For a honeymoon trip to points in the United States and Alberta the bride donned a black and white suit with pink accessories. Her corsage was a red rose. The couple will reside at Buffalo, Alta.

Out-of-town guests were from Bellevue, Coleman, Buffalo, Craigmyle, Finnegan, Lomond, Brooks, Atlee and Enchant.

### PORTRAIT OF MAN AT WORK

Many of man's greatest advances came because he took time out to think—to figure out how to get energy sources other than his own muscles to do his work for him.

Wherever man has had time for creative leisure, he has used his intellect to develop energy sources to improve his standard of living.

In Canada we're particularly good at putting our energy sources to work for us. Take oil, for example. Oil provides more than half Canada's energy needs—Canadians use more than 1,000,000 gallons an hour. Every day Imperial Oil refineries alone supply Canadians with energy equivalent to that produced by a dozen Niagara Falls.

## Grasshoppers On The Increase

Grasshoppers are still on the increase in Alberta and the forecast for next spring shows that 18,750 square miles are threatened by this pest. The size of the infested area will be about 80 percent larger than last year's, most of the increase being in a northward extension, from Carmangay through Drumheller and from Empress to Coronation.

Grasshopper numbers have been increasing steadily for the last four years, the increase probably being associated with the drier summer conditions.

In the region between the Bow River and Drumheller, where infestations are mostly in sod along field edges and roadsides, the main threat is from the clear-winged grasshopper. Elsewhere the migratory grasshopper is the principal species and its eggs are laid mostly in stubble fields. Hatching can be expected to occur during the latter half of May and may be hastened by warm, dry weather early in May.

In Canada 6.2 per cent of the labour force consists of professional people and 16.3 per cent are skilled persons, compared to 18.6 per cent and 32.9 per cent respectively for those classes in the U.S. labour force.

O magnify the Lord with me, and let us exalt his name together. I sought the Lord, and he heard me, and delivered me from all my fears.

They looked unto him, and were lightened: and their faces were not ashamed.

This poor man cried and the Lord heard him, and saved him out of all his troubles.

The angel of the Lord encampeth round about them that fear him, and delivereth them.

### Hundreds Of Children Welcome Santa To Town

Santa kept his promise to the children of Vulcan and district last Saturday.

At 2:45 sharp he came scraping down main street, perched on a toboggan, and was met by the first of more than 800 young folk, at the downtown Christmas Tree.

The Wednesday previous to Santa's arrival, many of his helpers on the various town organizations held a bag-filling bee and before everyone had been looked after a few extra bags were needed. There was a steady stream of children through Santa's line-up and over to

the Vulcan Theatre and when the first show ended a new throng of eager kiddies kept Santa busy till close to four o'clock.

Twenty bags of candies were filled and sent to patients at the Vulcan Hospital during the afternoon.

In the photo at left, a young boy is pictured during his date with the bewhiskered gentleman. The only identified child, (except for the slice of Swede Robertson in the upper corner, who was a helper, not a guest) is Marilyn McKay standing behind Santa. The other photo shows some of the early action from atop Vulcan Pharmacy.

# Briefs Presented At Hutterite Meeting

About 300 people, all but a few opposed to the establishment of a new Hutterite colony near Cayley, attended a hearing of the Communal Properties Control Board at High River last Friday. The board reserved its recommendation on whether or not the Hutterian Brethren would be allowed to buy seven sections of land near the village of Cayley, land owned by farmer-businessman Roy Henderson.

Mr. Henderson praised the Hutterites as being "the best farmers in the province," but a brief presented by D. H. Galbraith, president of the Vulcan District Board of Trade, said that the Hutterites' high birth rate combined with their expansion aims and a decline in the rural population as forecast by the Gordon Commission on Canada's economic prospects could result in widespread sub-standard farming by the Hutterite colonies in Southern Alberta.

Representing Mr. Henderson, Calgary lawyer James Palmer said that there were only two married couples and two children now living on the land involved and that it was in the public interest to have the property sold to the Hutterites and farmed by them.

A combined brief from 21 district farm, social and cultural organizations was presented by Mayor Ross Ellis of High River and charged that the Hutterites do not accept or practice civic responsibilities, reaping all the benefits of living in Canada but accepting none of the responsibilities. The communal way of life of the Hutterian Brethren "is not compatible with and cannot be integrated with our democratic structure where each citizen accepts definite responsibilities along with certain privileges and rights."

The brief said that \$61,000 worth of business a year from the Henderson land would be lost to the Cayley district if the Hutterite application was granted and that the community's social and cultural life would also suffer, as the Hutterites take no part in local affairs.

Urging the federal government to accept some of the responsibility, the brief said that when "this group of people" was allowed to enter the country with special privileges the federal government actually entered a contract that was detrimental to the Canadian citizen.

The hearing was quiet and orderly, but opposition to the further expansion of Hutterite colonies appeared to be firm.

## Lomond W.M.F.

The December meeting was held at the new home of Mrs. Paul Ost, Jr., and was opened with the well known Christmas hymns, "Joy To the World" and "Silent Night."

The roll call was answered by seven members. The secretary's report was read by Mrs. Phyllis Huff in the absence of the secretary, Mrs. A. Johnson. The treasurer's report covered receipts and expenses for the whole year of 1960. All were accepted as read. The members voted to pay the one-third share of all taxes, insurance and upkeep of the Lutheran manse here at Lomond for 1960.

Following the business part of the meeting the members were all presented with gifts drawn from a large, nicely decorated Christmas pie. Two members who celebrated their 70th birthdays during December were presented with special gifts. The hostess who had been one of the first Sunday School teachers here, was presented with a lovely bouquet of flowers to decorate her new home. The Sunday School teachers were also presented with gifts, following the program on Sunday, Dec. 18. The church janitor who refuses any salary for her work, was also given a lovely gift. These were all from the WMF.

The next meeting will be held at the home of Mrs. Lena Huff on Jan. 18, 1961. The hymn, "O Little Town of Bethlehem" was then sung to close the meeting, followed by "The Lord's Prayer," in unison. A very lovely lunch was then served by the hostess with the assistance of Mrs. Paul Ost, Sr.

## SERVICE BOARD NOTES

Norman Soder

We have almost come to the end of another year. This was my first with the Agricultural Service Board, and I have found it to be one of the most interesting that I have ever spent.

As Agricultural Service Board work is connected with farming, it presents many fields. Some of the more important are— weeds, pests, grasses, livestock and chemicals.

Though the dictionary defines weeds as a wild plant that is unsightly and useless, I was rather amazed at the many varieties that we do have and the interest that can be aroused in working with them.

I have taken a number of pictures of weeds that are growing in the County. These are on colored slides and they give a good description of the weed as it grows. I would like to show these pictures around the County to acquaint people with some of the weeds that are in our midst that can and do cause a lot of grief. If you are having a meeting of any kind and have about half an hour to spend, I would be pleased to come out and show these slides.

As we are into the Christmas Season, I would like to wish you all, on behalf of the Service Board, whose members are, Robert S. Irwin, Arthur Cuthbert, K. R. Miller, Ross Walker, Clarence Roth, and D. D. McQueen, a Merry Christmas and a Happy New Year.
